

**AMENDMENTS TO THE CLAIMS**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Currently Amended) A wireless cell phone comprising:

a handset;

a handset cover rotatably coupled to the handset and rotatable about a first rotation axis;

and

a keypad assembly, ~~said keypad assembly is~~ rotatably coupled to the handset, the keypad assembly rotatable about a second rotation axis parallel to the first rotation axis and about a third rotation axis perpendicular to the second rotation axis, the keypad assembly having and comprises a first side for disposing a telephone keypad and a second side for disposing a data communication keypad.

2. (Canceled)

3. (Currently Amended) The wireless cell phone of Claim 1 wherein the keypad assembly is ~~rotatable about at least two axes~~ has a first end for receiving the second rotation axis and a second end opposite the first end, and the keypad assembly is electrically connected to the handset at the second end.

4. (Currently Amended) The wireless cell phone of Claim 1 wherein the keypad assembly is ~~rotatable away from and toward to the handset and rotatable about an axis having an angle hidden when the handset cover is in a folded position~~ with respect to the handset.

5. (Currently Amended) The wireless cell phone of Claim 1 ~~which further comprises a handset cover rotatably coupled to the handset, wherein~~ said handset cover comprises an exterior display and an interior display, said exterior display is capable of displaying electronic information when

the handset cover is in a folded position with respect to the handset.

6. (Original) The wireless cell phone of Claim 1 which further comprises a camera.

7. (Original) The wireless cell phone of Claim 1 wherein the handset comprises a microphone.

8. (Currently Amended) A wireless cell phone comprising:

a handset;

a keypad assembly rotatably coupled to the handset, said keypad assembly has a first side for disposing a telephone keypad and a second side for disposing a data communication keypad, said keypad assembly rotatable about a second rotation axis and about a third rotation axis perpendicular to the second rotation axis; and

a handset cover rotatably coupled to the handset and rotatable about a first rotation axis parallel to the second rotation axis, said handset cover comprises an exterior display and an interior display, said exterior display being capable of displaying electronic information when the handset cover is in a folded position with respect to the handset.

9. (Canceled)

10. (Currently Amended) The wireless cell phone of Claim 8 wherein the keypad assembly is ~~rotatable away from and toward to the handset and rotatable about an axis having an angle~~ hidden when the handset cover is in the folded position.

11. (Original) The wireless cell phone of Claim 8 which further comprises a camera.

12. (New) A wireless cell phone comprising:

a handset;

a handset cover rotatably coupled to the handset and rotatable about a first rotation axis;  
and

a keypad assembly removably coupled to the handset, the keypad assembly having a first side for disposing a telephone keypad and a second side for disposing a data communication keypad.

13. (New) A wireless cell phone comprising:

a handset;

a keypad assembly removably coupled to the handset, the keypad assembly having a first side for disposing a telephone keypad and a second side for disposing a data communication keypad; and

a handset cover rotatably coupled to the handset and rotatable about a rotation axis, said handset cover comprises an exterior display and an interior display, said exterior display being capable of displaying electronic information when the handset cover is in a folded position with respect to the handset.
